

## CHILDREN CREMATED.

AWFUL FATE OF FIVE MEMBERS OF A FAMILY.

The Father Now a Raving Maniac—Blackburn of Kentucky Gives up the Contest—Governor Bradley Likely to Call an Extra Session—Not in a Church.

Hamilton, Mo., November 23.—Five children of Mr. and Mrs. Snyder New, living five miles north of this city, were burned to death late last night. The New dwelling was burned while the parents were attending a dance. When they reached the burning building the father saw his 11-year-old lying, burning in the front door, clasping her 3-year-old brother in her arms. The flames prevented rescue. The father fell in a swoon and has been a raving maniac ever since. Nora, 9 years old, is the only survivor of the fire. She says that the children awoke, Callie, aged 13; Hattie, aged 11; Willie, aged 7; Clarence, aged 5; Julian, aged 3, and herself, retired at the usual hour in an upstairs chamber. The next thing she knew the fire was coming through the floor and the building was enveloped in flames. She says that all six were aroused. She rushed to a second story window and jumped to the ground, calling to the others to follow, as the fire had cut off escape by the stairway. It is thought the fire was caused by an incendiary.

Not at a Church.

Detroit, Mich., November 23.—A special to the Tribune from Bay City, Mich., says:

The two factions which have been dividing the Polish Catholic congregation for the past six months came together today in a pitched battle, in which clubs and missiles were used and nearly a score injured. The church was crowded at 9 o'clock mass, when the trouble began. Father Bogacki, successor to Father Matkowsky, the former priest, whose actions had divided the church and led to hostilities originally, scored the anti-Matkowsky faction for purchasing a cemetery of their own, saying they would be cut off from all the offices of the church. After the service, when Father Bogacki started for his house, he was forced back in the church by the crowd. A crowd of police tried to rush the priest from the church to the parsonage. A battle ensued, many heads being broken by the clubs of the officers. The priest was pushed back, and finally toward night was escorted away from the premises. This evening accepting Mayor Wright's counsel, the crowd dispersed.

Kentucky's Senatorship.

Frankfort, Ky., November 23.—Prominent politicians are visiting Governor Bradley daily with reference to calling an extra session of the legislature. The state affairs need legislating, but there is a division as to the effect of an extra session. If no extra session is held Governor Bradley will appoint a successor to Senator Blackburn March 4 to serve until the next legislature is elected. As the governor is prominently mentioned for the senatorship himself the situation is an embarrassing one for him.

There are a half dozen other prominent republican candidates and Senator Blackburn will continue the fight to the last, while the friends of Secretary Carlisle are watching the situation. It is the general opinion that there will be an extra session and that there will be another senatorial fight here this winter.

Howl From Spain.

Newcastle, Del., November 23.—It has been learned here that the Duke of Tetuan, Spain's minister of foreign affairs, has cabled to Senor de Lome, minister to the United States at Washington, to protest to the American government against the insult to the Spanish flag in this city last night, when a local military company carried the Spanish colors from the armory and burned them.

Detectives in Danger.

Williamson, W. Va., November 23.—Detectives Clark and Bovins were expected to reach here yesterday to answer for the killing of Anderson and James Mounts last week while the former was attempting to arrest Anderson Mounts. Owing to the feeling against the officers by the friends of the Mounts neither of them would leave Pineville, Ky., and cross the state line. It was decided to secure registration papers at Charleston today on the governor of Kentucky, when the officers will be brought here for trial.

River Steamer Sunk.

Memphis, Tenn., November 23.—The Lee line steamer City of Osceola, Captain Henry Cooper, on her way from Ashport to Memphis, sank at Craig's Head point, sixty miles above here at 7 o'clock last evening. All of the passengers and crew were saved without difficulty. The cause of the accident was a hidden obstruction which the steamer struck while making a landing. The Osceola is lying straight in 10 feet of water, with the river falling, and it is believed that she will be easily raised in a few days. The cargo is composed of cotton.

Naval expressions are generally noted for their peculiar aptness and brevity. There is, however, one nautical term which for length almost rivals the longest Greek expression.  
It is the "starboard-foretopmast-studding-sail-boom-topgall-lift-jigger-fall."
